## XCEO, Inc. Announces the Release of BoardPortal PLUS® Connect

XCEO, Inc. released BoardPortal PLUS® Connect, a communication, document sharing and learning resource designed for full organizational use. A complementary product to its board-centric, BoardPortal PLUS® product, BoardPortal PLUS® Connect has been adapted specifically to foster effectiveness, not only in the boardroom, but for the entire leadership team. With BoardPortal PLUS® Connect, XCEO, a premier provider of governance, leadership and board portal products and services, is furthering its commitment to produce cutting-edge products that promote efficiency, effectiveness and personal contribution.

BoardPortal PLUS® Connect creates a community of peers, employees, senior leaders and support groups which can utilize cutting-edge technology and rich features to improve the efficiency and effectiveness of group collaboration, from anywhere, in a secure, platform agnostic, user-friendly environment.

At its core, BoardPortal PLUS® Connect is an organizational resource with calendaring, polling, emailing and personal/organizational leadership tools. It is available through multiple channels including PC's, browsers, iOS and Android tablets in order to meet the challenges of teams of executives and directors who are traveling, working off-site and those wanting to stay connected at all times.

For the past several years, BoardPortal PLUS® has been exclusively available to boards of director clients interested in utilizing cutting-edge technology to increase boardroom efficiency. However, understanding that organizations today are tremendously fluid, with virtual employees and multiple locations, XCEO recognizes the asset that learning, sharing and communicating tools can be for any organization.

All BoardPortal PLUS® Connect users have access to five exclusive applications including the XPress communication tool, brought to you by the founder of WebEx and a backer of Zoom, as well as the Concierge which provides tailored information, insights and research specifically for each organization. Traditional sharing and document management services as well as secure email, polling and community services are core features of the portal.

Michelle Ronco, Chief Marketing Officer, said "We are delighted to offer two comprehensive products to our clients. BoardPortal PLUS® Connect is for those who wish to include their broader leadership team into the board portal community. Likewise, we will continue our focus on clients who prefer a board-centric solution such as BoardPortal PLUS®. In either case, we appreciate that the features and functionality integrated into our board portal products are critical to improving overall efficiency and effectiveness, and we are pleased to meet the varying needs of our clients."

About XCEO Inc. (<http://www.xceo.net>)

XCEO Inc. partners with corporate and public sector boards and directors to fulfill all of their governance needs, including individual director development, board recruiting and on-boarding services, automated performance assessments and a secure board portal for increased efficiency, communication and collaboration. XCEO also partners with senior executives on personal leadership, entrepreneurial initiatives, professional advancement strategies and board positioning. Founded in 2003, XCEO serves clients ranging from Silicon Valley start-ups to Fortune 500 companies.
